Dear Frank,

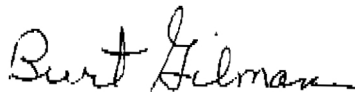

Now that the reconstruction has been completed at Pacific-Deerfield, I want to extend my thanks to you for the very fine painting job your company performed. With your suggestion for Fire Rating Ceramic Technology and using Ultra Satin Class Energy Star, you have brought a tired, ten year old complex into the 21st Century.

Your employees were very pleasant, accomodating, and in addition to doing a wonderful job, they cleaned up after themselves very nicely.

Should you ever need a reference, please do not hesitate to contact me. I would recommend you very highly.

Thank you for a job very well done.

Sincerely,

Burt Gilman
President
